- Team collaboration ( consulting, giving a preview and learn from one another)

## EDUCATION

### **Addis Ababa Institute of Technology**, Addis Ababa, Ethiopia — *Bachelor of Engineering*

January 2020

During my five-years University Engineering education and multiple internships, I was able to acquire strong problem-solving and logical thinking skills, multitasking and more importantly working with teams. I have taken courses and worked on projects using Java, C++, JavaScript, and MATLAB. I have recently focused on Front-end web development using React and vanilla Javascript. Besides, your company's mission has a direct relation to my background. There is more depth on my experience and skills on my Profile, which I would appreciate you looking over.

## SKILLS

- - Front-End web development with JavaScript | React.js | HTML5 | CSS3
- - Redux.js state management toolkit
- - Debugging and troubleshooting
- - Git version control
- - Node Package Manager (npm) and CLI
